

Toilet Seat Cover Solution

Good Morning, _____.

I just completed my weekly Sani-Service and if you have just a minute, would you like to inspect my work?

(NOTE: If manager/owner does not wish to visit restroom, proceed to narrative after step 6)

It is a 6-step process:

1. I maintain your air fresheners.
2. I manage and refill all your hand soap dispensers.
3. I clean or replace your urinal screens.
4. I use Blue Planet HIOX to clean, sanitize and disinfect the toilets, sinks and urinals.
5. I apply our Sani-Shield protective barrier to your toilet, sinks and urinals.
6. Finally, I apply our Sani-Guard process using an electrostatic sprayer.

In performing the service, I noticed you are not buying Toilet Seat Covers from me; some are broken and not all the dispensers are stocked for your customers to use.

Part of my job is to look out for my customers; helping them improve the restroom appearance within their facility by reducing odors, germs, bacteria, etc., while saving them money.

What I can offer is to take all that worry from you and take care of it all during my weekly service visit. I will make sure there is:

- No broken dispensers
- No overstocked storeroom
- Dispensers are refilled, if needed, at the time of my service
- No running out of Toilet Seat Covers
- Plus, they are biodegradable and will not clog your toilets!!!!
- They are \$_____ per sleeve

I have them with me and can add them to the invoice – do you see any reason you wouldn't want seat covers today?
