

Urinal Mat Solution

Good Morning, _____.

Is _____ here or available, my name is _____ and I am the Operations Manager with Enviro-Master Services, we sanitize, disinfect and protect your restrooms!

Hello _____, I stopped in to perform a Quality Control check and see how our technician is doing:

- Do you know the day service is performed?
- Do you know your technicians name?
- How is the service going for you?

In performing the Quality Control check, I noticed that you are not using a Urinal Mat under your urinals, were you aware you have people tracking urine, germs, bacteria out of the restroom, on their shoes throughout your facility?

Part of my job is to look out for my customers; helping them improve the appearance within their facility by combating; germs, bacteria, and odors, all while saving them money.

What I can offer is a new urinal mat that is different from others:

- They stop urine from getting on floors!
- Prevent slips and falls, due to wet urine on tiles!
- Reduce tracking urine out of the restroom into your facility!
- They are scented and reduce odors and bacteria growth!
- Improves the appearance of the restroom!

I can sell you one at a time, as you need and ONLY replace them when they need to be replaced. They are \$_____ each.

- No more case purchase or inventory to worry about.
- It is a better product for only pennies per day.

Provides peace of mind and a fresh smelling, sanitary restroom experience for you, your customers, and employees.

Our Technician will check and take care of the mats on the regular weekly visit. Let me coordinate this and get one from my car and have it added to your invoice!!
